# THE SCOTTISH Farmer

WELCOME | THE FACTS | FEATURES | ADVERTISING | SIZES | DIGITAL

Despite all that gets thrown at the agricultural sector, farmers continue to deliver on producing food, looking after the environment and underpinning rural communities.

Week in and week out the industry outperforms in its contribution and The Scottish Farmer is here every step of the way, supporting our readers.

Our newspaper allows farmers to keep abreast of what's happening on a daily, weekly and long-term basis. We're committed to sifting through the news, generating unique content and supporting Scottish farmers, land managers and advisors in their decision-making processes. We have a loyal readership – both in print and increasingly on-line – and we know that you appreciate our reliability and knowledge, all delivered in whichever way you choose via your local retailer, by post or digitally, but without being preached to! The Scottish Farmer's position of offering readers a reliable source of information, news, top tips and features, also means that you, our advertisers, can benefit from the ONLY reliable way to reach all aspects of the industry in Scotland. Given all that is happening across the world, it will be ever more important that we play our

part in informing readers in new ways to deliver the promise that this great industry has.

We all face many challenges, however one thing that is certain is that food production remains as one of the basics of life – it's a true saying that land is one thing you cannot make any more of! This coming year, 2024, is going to be another of constant change and in Scotland farmers will learn more about the nuts and bolts of which direction the Scottish Government plans to take the industry.

One thing is for sure and that is that change is inevitable. So, we will be part of the many changes ahead. This media pack reflects the ever-changing facets of what the publishing industry can offer – everything from bespoke print and digital packages, to print only, digital only and inserts. We have a package that will suit everyone and anyone. If it's not listed in this communicate, then enquire ... that's what we are here for. Political, social and professional changes are part and parcel of modern agriculture and it's something that we and our readers embrace with gusto. We promise continual editorial change to reflect the way agriculture is adapting to political upheaval, the unending demands of pressure groups and the positive influence a modern industry can have on mitigating climate change.

Our aim is to remain part and parcel of the industry in this respect ... we are not called 'The Farmer's Bible' for nothing!

We have some of the most respected names in the industry as columnists and we will continue to strive to be the No 1 news back-stop for the Scottish industry and play a vital role in knowledge transfer across many spheres of the industry. We will, as usual, lead the way in news of 'what's happening'; 'why it's happened'; and 'what it means' for the industry, not just in Scotland, but on a wider UK and EU stage.

We also have, every week, a special feature which focusses on specific aspects of agriculture, covering the majors like Livestock, Arable, Dairying, Tractors, Machinery and Lifestyle, but also covering niche areas such as Renewables, Fencing, Solicitors and Precision Farming, etc. From our parent business, we also have a range of sibling newspapers and periodicals dotted throughout England, Wales and Ireland, which can be used as part of a national reach strategy, so it's not just a Scottish national market that we can help you 'hit'. We have the capability to reach all farmers in the UK. Let us be part of your aspirations and needs for your business. Our professional editorial and advertising teams are only a phone call or e-mail away ...

## COPY REQUIREMENT

### Complete Artwork

We prefer to accept advertising in the following formats: Press Optimised PDF; Illustrator EPS; Photoshop EPS, JPEG or TIFF at 300dpi. Fonts should be embedded/outlined to paths and all pictures should be CMYK.

### Solid Backgrounds

Where a large dark solid or black background, with reversal text is to be printed, it is especially recommended that the black print be solid with an additional 40% cyan print underneath the black, to provide satisfactory solid density and to improve the overall quality of the printed image. Solid black backgrounds should not be reproduced using all four process colours.

### In-house Design

Advertisements can also be made up in-house by our production staff. Text and images should ideally be emailed. Digital images may be also be supplied via link to download and must be large enough to be printed at 300 dpi at the target size. JPEG compression, if used, must be kept at a high level to ensure colour is not lost. Low resolution images cannot be accepted.

If you have any query regarding these specifications please call our production department on 0141 302 7765.

**NB.** It should be noted that the Magazine Division of Newsquest (Herald & Times) Ltd will NOT, under any circumstances, accept copies of fonts. Fonts are licensed to the purchaser and may only be copied for the purposes of backing up. It is illegal to copy fonts in any form.

## Maree Hay

“We were looking to expand the market for our ‘Storm Strength from Shetland’ polytunnel/greenhouse hybrids and needed new avenues of advertising. We were approached by Carol-Anne Forbes about advertising in the Scottish Farmer. We were not convinced that the publication was the right market-place for us, but decided to try it. The results have been fantastic, and sales have definitely grown as a result of our ads there. Carol-Anne is a real joy to work with and always has new marketing ideas and options for us - which usually always result in an increase in sales. We are delighted that we took a chance!”

“For the length of time that Threave Rural has been in business, The Scottish Farmer Sales Team have assisted us with our advertising with The Scottish Farmer and occasionally with the lifestyle magazine. We have always found the level of service to be extremely helpful, always managing to assist with our adverts, as well as the staff having a cheery disposition and being an absolute pleasure to deal with. They also keep us informed of any opportunity of adverts in other areas, such as the diary, year planner and other publications which we subscribe to. We have found that The Scottish Farmer advertising has worked well for us in marketing our farms and we will continue to use this title as our first choice given it’s effectiveness”
